Children can stay on their parents policy until their 25th birthday (four years more than other insurers)

You're covered for specialist consultations and diagnostic procedures for 12 months either side of surgery (six months more than other insurers).

ACCURO IS AN ACTIVE HEALTH INSURER

Active insurance is about providing our members with access to benefits, resources and services that support them and their family's health and wellbeing.

We want to go beyond being a passive health insurer by actively engaging with our members to help them stay healthy and well.

Accuro members have access to Active Benefits like these:

Best Doctors® gives our members unlimited access to over 50,000 of the world's leading specialists, at no extra cost to them.

SkinVision

Accuro provides free access for all members to the SkinVision app which can help detect skin cancer at an early stage, when it's most treatable.
